## Education

---

### Bachelor's in Software Engineering

Borg Al-Arab Technological University, Alexandria, Egypt

2023 – 2027 (Expected Graduation: July 2027)

Second-year student focused on web development and software engineering.

## Experience

---

### Freelance Frontend Developer

Remote, Jan. 2024 – Present

- Developed 5+ responsive websites using React and Tailwind CSS, enhancing client satisfaction by 30%.
- Integrated RESTful APIs with Axios, reducing data retrieval time by 20%.
- Collaborated with 3 clients to deliver user-friendly interfaces, streamlining revisions by 15%.

### Academic Projects

Borg Al-Arab Technological University, Alexandria, Egypt, 2023 – Present

- Developed 3+ web applications using React and JavaScript, improving coding proficiency by 25%.
- Utilized Git for version control in 4+ team projects, ensuring seamless collaboration.

## Projects

---

### Pharmacy E-Commerce Website

React, Redux Toolkit, Firebase, Tailwind CSS

[github.com/abdulrhman-mustafa/pharmacy-ecommerce](https://github.com/abdulrhman-mustafa/pharmacy-ecommerce), Jan. 2025 – Mar. 2025

- Developed a responsive e-commerce platform using React and Redux Toolkit, improving user navigation by 30%.
- Integrated Firebase for secure authentication and real-time inventory updates, managing 100+ products.

### Library Management System (In Progress)

React, Node.js

[github.com/abdulrhman-mustafa/library-ecommerce](https://github.com/abdulrhman-mustafa/library-ecommerce), Feb. 2025 – Present

- Designing a web-based system to manage book inventory and borrowing for 50+ users.
- Implementing RESTful APIs with Node.js, reducing data processing time by 15%.

### To-Do List App

React, Local Storage

[github.com/abdulrhman-mustafa/todolist](https://github.com/abdulrhman-mustafa/todolist), Dec. 2024

- Designed an intuitive task management app, enabling users to manage 50+ tasks with filtering features.
- Optimized performance using React Hooks, improving app speed by 20%.

### CRUD System

React, JSON Server

[github.com/abdulrhman-mustafa/crud-system](https://github.com/abdulrhman-mustafa/crud-system), Nov. 2024

- Developed a user management interface with CRUD functionality, handling 100+ user records.
- Integrated JSON Server for mock API, streamlining development by 25%.

---

## Technical Proficiencies

---

### Languages

HTML5, CSS3, JavaScript (ES6+)

### Frameworks & Libraries

React.js, Redux Toolkit, Tailwind CSS, Bootstrap

### State Management

React Hooks, Context API, Redux Toolkit

### API Integration

RESTful APIs, Fetch API, Axios

### Version Control

Git (GitHub)

### Responsive Design

Mobile-first Development, Flexbox, CSS Grid

### Tools

VS Code, Firebase, Netlify, Figma

### Additional Skills

Debugging, Unit Testing

---

## Certifications

---

### Frontend Development Bootcamp

freeCodeCamp, Completed: Nov. 2024

Completed 300+ hours of hands-on coding in responsive design and JavaScript frameworks.

---

## Soft Skills

---

Communication, Problem-solving, Teamwork, Adaptability, Time Management

---

## Languages

---

Arabic (Native), English (Professional Working Proficiency)
